I can't help but see the evil,

And it's coming from the heathens on the left.

They're the ones who oppose Godly values & principles,

They're the ones who brought this evil on America & the worlds children,

yea I despise them...

Biden has 0 experience in the private sector, & his failing domestic agenda and the struggling economy are living proof of that FACT.

@POTUS has never worked in our economy a day in his life. While that fact might be uncomfortable for some to hear, the truth ain't always pretty.

I located a May 2021 article. The money he had been paid for video he took of the faux-insurrection orchestrated by Democrats with the help of the FBI has been confiscated from John Earle Solomon. [news.yahoo.com/u-seizes-90-00...](https://news.yahoo.com/u-seizes-90-00-...)

WASHINGTON (Reuters) - U.S. authorities have confiscated roughly \$90,000 from a Utah man who sold footage of a woman being fatally shot during the Jan. 6 attack on the U.S. Capitol by supporters of former President Donald Trump, according to court filings.

Prosecutors also have filed additional criminal charges against the man, John Earle Sullivan, a self-described political activist who is accused of entering the Capitol building and participating in the riot, the filings unsealed on Thursday showed.

Sullivan now faces a total of eight criminal counts, including weapons charges, related to the riot. Sullivan's lawyer did not immediately respond to a request for comment.

Lyn' Joe Biden is protected by spiritual wickedness in high places. He got away with sniffling children, BILKING Ukraine and China out of MILLIONS, ASSAULTING Tara Reid, abandoning Americans in Afghanistan, making overt racist statements. The MSM is.

Black Lives Matter is a weapon forged by old, racist Democrats who use social issues to manipulate the ignorant & emotionally dysfunctional. To embrace the belief one is a victim is weak & pitiful but to choose to be a slave to the Democratic Party is brainless.

They have routine violence,
Instead of being accountable they find escape goats.
I like this guy because he calls them out.
He often says they caused their problems because of their wokeness. Calls blacks sun people & whites glacial gliders.

I would enjoy having a brilliant Marxist explain WHY they preach an ideology that creates weak losers who submerge themselves in self-pity, fill their minds with vengeance and jealousy, blame and excuse failure, and never take personal responsibility.

Now that would be fun. 😎🌟

Yes, not too long ago, Americans were homogenized to a much greater extent. We ate the same food, watched the same TV shows and movies, had the same heroes. Not anymore. Marxists have succeeded in splintering us into smaller and smaller tribes in a nasty fight for resources. 😎
